NICELABEL DESIGNER AND POWERFORMS VERSION COMPARISON

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
GENERAL				
NEW: Intuitive Office 2016 style user interface	X	X	X	X
NEW: Extensive contextual help with inline tips to empower business users	X	X	X	X
NEW: Free phone and e-mail technical support for software evaluation and registered users	X	X	X	X
20 User interface Languages	X	X	X	X
Accepts and prints data in any language - Unicode data support	X	X	X	X
NEW: Certified and compatible systems: Vista/Windows 7/Windows 8/Windows 8.1/Windows 10	X	X	X	X
NEW: Single straightforward installer for 32 and 64 bit environments	X	X	X	X
Installs side-by-side with previous NiceLabel editions for controlled migration	X	X	X	X
NEW: Users (U) or Printers (P)	1U	1U,3P,5P,10P	1U	3P,5P,10P
TEMPLATE DESIGN				

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
NEW: Label setup wizard for quick start with best printing quality and performance	X	X	X	X
Text, barcodes, lines, boxes, circles, clip art, images and PDF files	X	X	X	X
Print objects in reverse/negative: white on black	X	X	X	X
Windows system and built-in printer fonts support	X	X	X	X
NEW: Rich text object including powerful editor with support for tables and more		X	X	X
NEW: Extensive RFID support		X	X	X
Fit-text-to-box (dynamic point size)		X	X	X
Text on ellipse		X	X	X
Wrap-text-to-shape (word-wrapping and text justification to non-rectangular shapes)		X	X	X
NEW: Object alignment tools with snap-to-objects and arbitrary rotation of all objects	X	X	X	X
Relative object positioning and variable label length		X	X	X
NEW: Library of ready-to-use international standards compliance label templates		X	X	X

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
More than 70 linear and 2D barcode symbologies with support for printer-based barcodes	X	X	X	X
NEW: Intuitive GS1 Application Identifier Data Source Wizard	X	X	X	X
Automatic check digit calculation	X	X	X	X
Place "human readable" text anywhere in relation to barcodes	X	X	X	X
Customizable "human readable" character template	X	X	X	X
NEW: Object printing based on dynamic data (business rules)		X	X	X
NEW: Unlimited undo and redo commands	X	X	X	X
Security: lock label design with a password		X	X	X
DYNAMIC DATA				
NEW: Single screen for straightforward management of dynamic data (Dynamic Data Manager)		X	X	X
NEW: Import and Export Dynamic data definitions		X	X	X
Keyboard or scanner input at print time	X	X	X	X

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
Decimal counters	X	X	X	X
Full serialization including support for printer-based serial numbers		X	X	X
Date and Time fields sourced from PC or Printer	X	X	X	X
Print data from Excel and text files	X	X	X	X
Full database connectivity to almost any existing database		X	X	X
Custom SQL database queries		X	X	X
NEW: Reusable connections to multiple databases and tables within the label or solution		X	X	X
NEW: Edit database connected documents without accessible database (offline mode)	X	X	X	X
Variable graphic fields including graphics sourced from database		X	X	X
10+ prebuilt functions for efficient data concatenation and processing		X	X	X
VBScript and Python scripting for custom data processing		X	X	X
ON-DEMAND CONTROLED PRINTING AND PRINT PRODUCTIVITY				

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
NEW: Auto-built, all-in-one printing form with data entry controls and dynamic print job preview	X	X	X	X
Customizable data-entry filters and error checking	X	X	X	X
NEW: Print time database record selection on a single screen	X	X	X	X
NEW: Secure operator environment for efficient document selection and printing (NiceLabel Print)	X	X	X	X
NEW: Single click creation of shortcuts for printing	X	X	X	X
NEW: Adaptable print form for improved control and efficiency (recommended for touch screens)		X	X	X
NEW: Responsive form design to fit different screen resolutions		X	X	X
NEW: Spellchecking for manual data entry			X	X
NEW: Integrated no-programming graphical application builder for building efficient labelling solutions for controlled printing			X	X
NEW: Fully configurable user experience with 15+ prebuilt user interface controls and support for multiple forms			X	X
NEW: Workflow and business rules editor including 40+ actions for printing labels, database queries, integrations with scales,			X	X
NEW: Solution document type can contain multiple labels and forms for improved dynamic data management and portability			X	X

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
NEW: Integrated PDF engine for optimized PDF document creation without 3rd party tools			X	X
Support for multi-lingual user environment			X	X
Interface and control peripheral devices, weight scales, PLCs…			X	X
NEW: Automatic serial port monitoring for Weight Scale Integration			X	X
INTEGRATED PRINTING				
Native 32 and 64-bit Windows service for printing integration (Automation Easy)				X
Graphical integration builder for no-programing integration configuration				X
4 prebuilt connectors (File drop, Serial port, Database and TCP/IP socket) for integration with wide variety of systems and devices				X
Workflow and business rules editor including 15+ actions for printing labels, data processing and network communication				X
Dynamic print job preview during configuration				X
Structured text data (CSV and fixed-width columns) processing				X
NiceLabel JOB and NiceLabel XML format data processing				X

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
Unstructured text and binary data processing				X
Dedicated integration manager with extensive logging				X
NEW: .NET API for programing integration				X
PRINTING				
Native support for 4000+ label and marking devices	X	X	X	X
Support for all laser/inkjet printers with a Windows driver	X	X	X	X
Local and network printer support	X	X	X	X
Speed optimization reuses repeating data instead of resending it	X	X	X	X
Session print - combines multiple labels in a single print job for performance	X	X	X	X
Color separation (for GHS labeling)		X	X	X
Batch printing: header and tail labels		X	X	X
Two-sided ("duplex") design and printing		X	X	X

	Designer Express	Designer Pro	PowerForms	PowerForms Suite
Advanced printer cutter control		X	X	X
NEW: Store and Recall label templates from printer's memory		X	X	X
